## CONDITIONS AND CONSENT FOR PHYSICAL THERAPY

<b>PATIENT'S INITIALS</b>	At Vitalize Physical Therapy we strive to provide you with the best, personalized care. To make this possible we ask you to adhere to the very important policies below. Please read them carefully, initial all the boxes, and indicate your agreement by signing at the bottom.
	<p><b>CONSENT FOR TREATMENT:</b> I consent to and authorize my physical therapist to provide care and treatment prescribed by and considered necessary or advisable by the treating physical therapist and/or my physician(s). I acknowledge that no guarantees have been made to me about the results of treatment.</p>
	<p><b>ATTENDANCE/COMPLIANCE and CANCELLATION/NO SHOW POLICY:</b> I understand that in order for physical therapy treatment to be effective, I must attend my scheduled appointments and arrive on time unless there are unusual circumstances that prevent me from attending therapy. Please call or text if you need to cancel. We have an ongoing waitlist and therefore require at least a 24 hour notice for cancellation or rescheduling of follow-up treatments and 48 hour notice for cancellation or rescheduling of initial evaluations. <b>No shows or cancellations less than 24 hours in advance for follow-up treatments or 48 hours in advance for initial evaluations will be charged the full visit fee.</b></p>
	<p><b>PHYSICAL THERAPY SCRIPT/REFERRAL:</b> You may have an evaluation and treatment for PT without a script/referral. However, <b>PLEASE NOTE: Indiana law requires a PT script within 42 days of initiating therapy.</b> You can obtain a script from a physician, podiatrist, psychologist, chiropractor, dentist, physician assistant or nurse practitioner. Additionally, if you plan to seek reimbursement from your insurance, your insurance provider may require a script PRIOR to beginning PT. For more information, please ask us to supply you with an "Insurance Benefit Worksheet" so you know how to inquire about your insurance out-of-network PT benefits.</p>
	<p><b>FINANCIAL POLICY:</b> For optimal patient care, Vitalize Physical Therapy has chosen to be an out-of-network provider. By not having a preferred provider/contracted status with insurance companies, your PT does not have to limit the time or quality of treatment provided secondary to insurance company restrictions or elevate clinic rates to pay for billing services. Upon your request, we will give you a receipt of your services that you can submit to insurance for reimbursement if you have out-of-network insurance benefits or to apply toward your annual deductible. We accept cash, check, debit or credit card payment at the time of your service (cash or check is preferred). You may also use your Health Savings or Flex Spending Account to pay for your services. The rates are as follows: \$225 for Initial Evaluation + Treatment (75 minutes) --- \$180 for Follow-up Treatments (55 minutes). We also offer packages for discounted rates.</p>
	<p><b>HIPAA AUTHORIZATION:</b> We understand that health information about you is personal and we are committed to protecting it. We create a record of the care, services and assessments your receive from us. We need this record to provide you with the quality care and to comply with certain legal requirements. This notice applies to all of the health related records of your care generated by Vitalize Physical Therapy, whether made by your personal treating practitioner or others working within Vitalize Physical Therapy. This Notice of Privacy Practices will tell you about the ways in which we may use and disclose health information we keep about you, and describe certain obligations we have regarding the use and disclosure of your health information. We are required by law to:</p> <ul style="list-style-type: none"> <li>• Make sure that health information that identifies you is kept private.</li> <li>• Give you this notice of our legal duties and privacy practices with respect to health information about you.</li> <li>• Not retaliate against you for filing a complaint.</li> </ul>

**I have read the above information, and I consent to physical therapy evaluation and treatment. I have asked any questions and they have been answered to my satisfaction. I understand the risks, benefits and alternatives to treatment. I hereby voluntarily consent to physical therapy treatment. I understand that I may choose to discontinue treatment at any time.**

## CONSENT AND RELEASE FOR TRIGGER POINT DRY NEEDLING

Dry needling is a technique used in physical therapy practice to treat trigger points in muscles. Trigger points are hyperirritable spots in skeletal muscle associated with hypersensitive palpable nodule in a taut band. The technique is invasive and involves placing a needle into a muscle or muscles in order to release shortened bands of muscle and decrease trigger point activity. This can help resolve pain, muscle tension and promote healing. Dry needling is performed at Vitalize Physical Therapy by a licensed physical therapist that has received additional training in this technique. My physical therapist will monitor me during dry needling and use appropriate infection control procedures to reduce the risk of infection.

Dry needling as used in physical therapy is NOT ACUPUNCTURE, NOR IS THIS ANY FORM OF ACUPUNCTURE and should not be confused with a complete acupuncture treatment performed by a licensed acupuncturist. A complete acupuncture treatment might yield a holistic benefit not available through a limited dry needling treatment. Patients interested in acupuncture should consult with a state licensed acupuncturist.

This form is a consent form and general release of medical liability for this procedure. By signing this form, you are agreeing not to hold Vitalize Physical Therapy and its staff liable for any complications that may arise from the practice of this procedure. Dry needling is a valuable addition to standard therapy for musculoskeletal pain. Like any treatment, there are risks and possible complications. While complications are rare, they are real and must be considered prior to giving consent for treatment.

### POTENTIAL RISKS AND COMPLICATIONS OF PROCEDURE

Complications related to dry needling are rare and do not usually require additional medical treatment. The main risks and complications associated with dry needling include: bruising, bleeding, nerve injury, infection, fainting, and increased pain. In extremely rare cases, accidental puncture of a lung may occur that could require a chest x-ray and additional medical treatment/hospitalization.

Precautions for the use of dry needling include: pregnancy, malignant tumors, bleeding disorders, medical emergencies or in replace of surgical intervention, patients on blood thinners, unstable blood pressure, and internal organ diseases.

Please indicate if you have any of these precautions: \_\_\_\_\_

### CONSENT AND RELEASE OF LIABILITY

I have read this informed consent carefully. I consent to and expressly and voluntarily assume the risks of my participation in this procedure. I will inform Vitalize Physical Therapy and my Physical Therapist of any questions or concerns I have concerning my treatment. I understand that no guarantee or assurance has been made as to the results of this procedure and that may not cure my condition. I certify that I am not experiencing that contraindications listed above. I agree to indemnify, defend and hold harmless, Vitalize Physical Therapy, its officers, agents, employees, affiliates, heirs, executors, administrators, agents, successors, and assigns from and against any and all liability, suits, losses, costs, expenses, or other claim of damage whatsoever, caused by or as a result of my participation in this treatment method. I have read, understand and agree to the terms of this consent. I have been given an opportunity to ask questions and all questions have been answered to my satisfaction. I acknowledge that I am signing the agreement freely and voluntarily and intend by my signature to be complete and unconditional release of all liability to the greatest extent allowed by law.

What are your primary concerns with seeking physical therapy?

---

How long have you been having symptoms/when did your symptoms begin?

---

Was it a gradual onset or sudden?

---

What do you think caused your injury/pain/issue?

---

Where did the pain start? Where is it now?

---

What makes your symptoms better? (ex: ice, heat, meds, rest, positions, movement) Please explain:

---

What makes your symptoms worse? (ex: positions/postures, bending, reaching, lifting, deep breathing, coughing, sitting, standing, walking, household chores, recreational activities, sports, etc.) Please explain:

---

When do you typically feel the pain? (Circle: morning, mid-day, end of day, night) Please explain:

---

On a scale of 0-10 (0=no pain, 10=worst imaginable pain), what is your pain now? \_\_\_\_/10; Least? \_\_\_\_/10; Worst? \_\_\_\_/10

Describe your pain (Circle: dull, aching, sore, tender, stabbing, sharp, shooting, radiating, tingling, burning, numbness), Other:

---

Do you have any other symptoms associated with the pain such as locking, popping, weakness, etc?

---

Have you had any abnormal symptoms: (ex: unexpected weight loss or weight gain, changes in bowel or bladder function, abnormal sensation in perianal/buttock/posterior upper thigh, vertigo or dizziness, unprovoked falls without warning) Please explain:

---

Circle treatment received for this condition (underline if effective): chiropractic acupuncture injections PT OT massage

Have you had any imaging (x-ray, MRI, CT scan) related to this issue?

---

Are you taking any medications for this condition? If so, when did you last take them?

---

Have you ever had this issue in the past? Is it the same now as it was then? Did you seek help? Did it improve or resolve?

---

Do you have a past or present history of illness?

---

What is your job? Has this affected your ability to do your work?

---

Tell me about your general health/lifestyle/, activity/exercise, and alcohol, drug, and/or tobacco use:

---

History of car accident, trauma, and/or abuse (including verbal, emotional, physical, sexual)? Please Explain:

---

Have you been experiencing any life or economic stresses? Please Explain:

---

What is your #1 concern as we address this problem?

---

What are your top goals in coming to physical therapy?

---

Is there anything else you would like to tell me?

---

Please Circle or Mark ALL the areas below that are painful or uncomfortable:

Please write a time line of your condition(s) in chronological order. Details of your past can be very helpful in figuring out the root cause of your current issue, leading to quicker results for your recovery (prior pain, surgeries, falls, significant illness, traumatic events, abuse, accidents and injuries can all play a role). Please feel free to use the backside of this paper if you need more room to write.
